WOODLANDS PRIMARY SCHOOL CHARGES FOR 2022

Under the provisions of the Education Act 1999, it is a requirement of schools and School Boards to indicate to parents all likely educational expenditures for the coming year. School contributions and charges are comprised of three elements: Voluntary Contributions, School Charges and Items for Personal Use.

SCHOOL CHARGES are the accumulated cost of your child participating in activities and events as they arise. This is not an up-front payment, rather an indication to you of the maximum possible amount you may anticipate being charged for activities on a pay as you use basis. Below is a schedule of Charges for each year level.

Please note that the figures listed are an estimation of the maximum possible cost based largely on amounts paid by parents and received by the school over the last few years.
