Charges and Contributions for 2027

The Woodlands Primary School Board has endorsed the 2027 Contributions and Charges Schedule. In accordance with the *School Education Act 1999*, schools are required to advise parents of anticipated educational costs for the coming year.

The charges listed below are a **guide as to the maximum amount** parents could be expected to pay throughout the year, and in some cases, the actual costs may be less. Specific learning activities made available to all students, but conditional on a payment being made e.g. Incursions, excursions etc.

School contributions will **remain at $60 per student for 2027**. While these contributions are not compulsory, they play a vital role in enhancing the quality of our teaching and learning programs by supplementing funding received from State and Commonwealth Governments. All contributions are directed toward resources and initiatives that benefit students directly.
